TARIFF FORMAT SHEET

1. Page Numbering. Page numbers appear in the upper-right corner of the page. Pages are numbered sequentially. New pages may occasionally be added to the tariff. When a new page is added, the page appears as a decimal. For example, a new page added between pages 34 and 35 would be 34.1.
2. Page Revisions Numbers. Page Revision Numbers also appear in the upper-right corner of the page. These numbers are used to determine the most current page revision on file with the Illinois Commerce Commission. For example, the fourth revised Page 34 cancels the third revised Page 34. Because of deferrals, notice periods, etc., the most current page number on file with the Commission is not always the tariff page in effect. Customers should refer to the latest check sheet for the page currently in effect.
3. Paragraph Numbering Sequence. There are nine (9) levels of paragraph coding. Each level of coding is subservient to its next higher level of coding.
 - 1.
 - 1.1.
 - 1.1.1.
 - 1.1.1.A.
 - 1.1.1.A.1.
 - 1.1.1.A.1.(a)
 - 1.1.1.A.1.(a)(I)
 - 1.1.1.A.1.(a)(I)(i)
 - 1.1.1.A.1.(a)(I)(i)(1)
4. Check Sheet. When a tariff filing is made with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the pages contained in the tariff, with a cross-reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc.). Customers should refer to the latest check sheet to find out if a particular page is the most current page on file with the Commission.
5. Symbols Used in This Tariff.
 - (C) To signify changed regulations.
 - (D) To signify deleted or discontinued material.
 - (I) To signify increased rates.
 - (N) To signify new rates or regulations.
 - (R) To signify reduced rates.
 - (T) To signify a change in text, but no change in rates or regulations.

The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities, as well as the facilities the Company may obtain from other carriers, from time to time, to furnish service as required at the sole discretion of the Company. - 2.3.9.3 the impersonation of another with fraudulent intent;
- 2.3.9.4 the use of the service in such a manner as to interfere with the service of others or to prevent others from making or receiving calls over their telephone service;

2.4.1. Sage's liability for damages arising out of mistakes, omissions, interruptions, delays, errors, or defects in the installation, provision, termination, maintenance, repair, or restoration occurring in the course of furnishing service, channels, or other facilities, and not caused by the negligence of the subscribers, commences upon activation of service. In no event does Sage's liability exceed an amount equivalent to the proportionate charge to the Customer for the period of service during which such mistakes, omissions, interruptions, delays, errors or defects occur. For the purposes of computing such amount, a month is considered to have thirty (30) days. Credit will be calculated pursuant to Section 2.9 of this Tariff.

2.4.2. When the facilities of other carriers are used in establishing connections to points not reached by Sage's facilities, Sage is not liable for any act or omission of the other carrier(s). The Customer will indemnify and hold Sage harmless from any third-party claims for such damages referred to in Section 2.4.1.

2.4.3 Sage will not be responsible for consequential damages or lost profits suffered by a Customer as a result of interrupted or unsatisfactory service. The Customer shall indemnify and hold Sage harmless from any and all loss, claims, demands, suits or other actions, or any liabilities whatsoever, whether suffered, made, instituted or asserted by the Customer or by any other party or persons, for any personal injury or death of any person or persons, and for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of such equipment so used.

SECTION 2 - RULES AND REGULATIONS (cont'd)**2.4. Liabilities of Sage (cont'd)**

- 2.4.5 Sage is not liable for any defacement of, or damage to, the premises of a Customer resulting from the furnishing of services or the attachment of equipment, instruments, apparatus, and associated wiring furnished by Sage on such Customer's premises or by the installation or removal thereof, when such defacement or damage is not the result of Sage negligence. No agents or employees of other participating carriers shall be deemed to be agents or employees of Sage without written authorization. The Customer will indemnify and hold Sage harmless from any claims of the owner of the Customer's premises or other third party claims for such damages.
- 2.4.6 Sage and Customer shall be excused from performance under this Tariff and under the application for service for any period, and to the extent that the party is prevented from performing any service pursuant hereto, in whole or in part, as a result of delays caused by the other party or an Act of God, governmental agency, war, civil disturbance, court order, lockouts, work stoppages, other labor difficulties, third party nonperformance (including the failure of performance for reasons beyond the control of common carriers, interexchange carriers, local exchange carriers, suppliers and subcontractors), or other cause beyond its reasonable control, including failures or fluctuations in electrical equipment, and such nonperformance shall not be deemed a violation of this Tariff or of the application for service or grounds for termination of service. Both parties retain all rights of recourse against any third parties for any failures which may create a force majeure condition for the other party.
- 2.4.7 Sage is not liable for any damages, including toll usage charges, the Customer may incur as a result of the unauthorized use of its telephone facilities. This unauthorized use of the Customer's facilities includes, but is not limited to, the placement of calls from the Customer's premises, and the placement of calls through Customer-provided equipment that are transmitted or carried on the Sage network.
- 2.4.8 Where there is a connection via Customer-provided terminal equipment or Customer-provided communications systems, the point of demarcation shall be defined as the Sage facility that provides interconnection. Sage shall not be held liable for Customer-provided access media or equipment. Any maintenance service or equipment arrangements shall be addressed on an individual case basis.
- 2.4.9 Sage will not be responsible if any changes in its service cause hardware or software not provided by Sage to become obsolete, require modification or alternation, or otherwise affect the performance of such hardware or software.
- 2.4.10 The Company shall use reasonable efforts to make services available by the estimated service date. The Company shall not be liable for any damages whatsoever resulting from delays in meeting the estimated service date due to delays resulting from normal installation procedures. Such delays shall include, but not be limited to delays in obtaining necessary regulatory approvals for construction, delays in obtaining right-of-way approvals, delays in actual construction work being done by our vendor(s), and any delays due to any LEC where the Company is relying solely upon such LEC to meet such estimated due date which is beyond the Company's control.

SECTION 2 - RULES AND REGULATIONS (cont'd)**2.4. Liabilities of Sage (cont'd)**

- 2.4.11 With respect to the services, materials and equipment provided hereunder, Sage makes no promises, agreements, understandings, representations or warranties, expressed or implied, and hereby expressly disclaims all warranties, expressed or implied, not stated in this Tariff, and in particular disclaims all warranties of merchantability and fitness for a particular purpose.

Subject to the provision of Section 2.4 of this Tariff, the Company shall allow, for errors or omissions in alphabetical telephone directories (excluding the use of bold face type), or in information records, an amount within the following limits:

1. For listings in alphabetical telephone directories furnished at an additional charge, as set forth herein, an amount not in excess of the charge for that listing during the effective life of the directory in which the error or omission occurred.

2.5 Responsibilities of the Customer

- 2.5.1 The Customer must initiate a service order pursuant to Section 2.6 of this Tariff.
- 2.5.2 The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, attempt to repair, or otherwise interfere with any of the facilities or equipment installed by Sage, except upon the written consent of Sage. The equipment Sage provides or installs at the Customer premises for use in connection with the service Sage offers shall not be used for any purpose other than for which it was provided.
- 2.5.3 The Customer shall ensure that the equipment and/or system is properly interfaced with Sage's facilities or service. If the Federal Communications Commission or some other appropriate certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, Sage will permit such equipment to be connected with its channels without the use of protective interface devices.
- 2.5.4 The Customer shall be responsible for securing its telephone equipment against being used to place fraudulent calls using Sage's service. The Customer shall be responsible for payment of all applicable charges for services provided by Sage and charged to the Customer's accounts, even where those calls are originated by fraudulent means either from Customer's premises or from remote locations.
- 2.5.5 Sage shall be indemnified and held harmless by the Customer against claims of liability, slander, or the infringement of copyright, or for the unauthorized use of any trademark, trade name, or service mark, arising from the material transmitted over Sage's service, against claims for infringement of patents arising from, combining with, or using in connection with, service, Sage's apparatus and systems of the Customer; against all other claims arising out of any act or omission of the member in connection with Sage's service. The Customer shall be liable for:

- 2.5.6 The Customer may be required to verify in writing that it is duly authorized to order service at all locations designated by the Customer for service, and assumes financial responsibility for all locations designated by the Customer to receive Sage's services. If the verification (*i.e.*, a letter of authorization) cannot be produced within five (5) calendar days of the request, the presubscription of the Customer's locations are considered unauthorized.
- 2.5.7 The Customer shall not use the Sage name, logo or trademark in any promotional materials, contracts, Tariffs, service bills, etc., without expressed written authorization from Sage. The Customer shall not use the Sage name, logo or trademark in any pre-sale activities. The Customer is prohibited from using Sage's name or trademark on any of the Customer's products or services.
- 2.5.8 Customer may not assign or transfer any of its rights or services ordered without the prior written consent of Sage. Sage may assign any service orders to its parent company or any affiliate. Sage will notify Customers of any such assignment.

2.6 Application for Service

- 2.6.1 Applicants wishing to obtain service must initiate a service order which may include the Customer's authorization for Sage to instruct other carriers and vendors and the appropriate LEC to provide certain services on the Customer's behalf. Sage will obtain the proper authorization from the Customer where necessary, pursuant to Commission regulations. Applications for initial or additional service made verbally or in writing become a contract upon the establishment of the service or facility.
- 2.6.2 An Application for Service may be changed by Customer upon written notice to Sage, subject to acceptance and confirmation by Sage, provided that a charge shall apply to any change when the request is received by Sage after notification by Sage of the acceptance and confirmation. Such charge shall be the sum of the charges and costs for access facilities and other services and features and the lesser of (i) the monthly recurring rate for each service component that has been canceled as a result of the change times the appropriate minimum service period, plus the applicable installation or non-recurring charges, and (ii) the costs incurred by Sage in accommodating each change, less net salvage. The costs incurred by Sage will include the direct and indirect cost of facilities specifically provided or used, the costs of installation, including design preparation, engineering, supply expense, labor and supervision, general and administrative, and any other costs resulting from the preparation, installation and removal effort.

SECTION 2 - RULES AND REGULATIONS (cont'd)

2.6. Application for Service (cont'd)

2.6.3. Where the Customer or applicant cancels an Application for Service prior to the start of installation of service, lease of network elements, or prior to the start of special construction, no charge applies. Where installation of service has been started prior to the cancellation, a cancellation charge equal to the costs incurred by Sage shall apply, but in no case shall such charge exceed the charge for the minimum period of the service ordered, including applicable installation charges, if any. The costs incurred by Sage will include the direct and indirect costs of facilities specifically leased, provided or used; the cost of installation, including design preparation, engineering, supply expense, labor and supervision, general and administrative, and any other costs resulting from the preparation, installation and removal effort.

2.7. Establishing Credit, Deposits and Advance Payments

2.7.1 Credit Requirement

2.7.1.A. Sage may require an applicant for service to satisfactorily establish credit, pursuant to applicable ICC rules and regulations, but such establishment of credit shall not relieve the end-user from complying with Sage's policy regarding the prompt payment of bills.

2.7.1.B. For the purposes of this rule, "applicant" is to be defined as a person who applies for service for the first time or reapplies at a new or existing location after a previous discontinuance of service; "customer" is defined as someone who is currently receiving service.

2.7.2 Reestablishment of Credit

Any applicant who previously has been an end-user of Sage and whose service has been discontinued for nonpayment of bills shall be required, before service is rendered, to pay all amounts due Sage or execute a deferred payment agreement.

2.7.3 Deposits and Interest

Sage does not require deposits at this time.

2.7.4 Advance Payments

At the time an application for service is made, an applicant may be required to pay an estimated advance payment amount for the first month's service charges and/or the service connection and/or equipment charges plus applicable taxes, fees, and surcharges as well as nonrecurring charges for any required special construction. The advance payment will be applied to the customer's first invoice. Any resulting credit balance or remaining balance owed will be reflected on the customer's first invoice. (T)

Advance payments received by Sage in funds other than Credit Card, Moneygram, Western Union Quick Collect, or Ace Cash Express may delay service implementation for up to 5 business days after payment is honored. The amount of the advance payment is credited to the Customer's account on the first invoice rendered. An advance payment may be required in addition to a deposit. (T)

SECTION 2 - RULES AND REGULATIONS (cont'd)**2.8. Billing and Payment Procedures**

- 2.8.1 The Customer is responsible for the payment of all charges for facilities and services furnished by Sage to the Customer and to all Users authorized by the Customer, regardless of whether those services are used by the Customer itself or are resold to or shared with other persons.
- 2.8.2 For billing of monthly charges, service is considered to be established upon the day in which Sage notifies the Customer of installation and testing of the Customer's services.
- 2.8.3 Usage charges will be billed monthly in arrears. Customer will be billed for all usage accrued beginning immediately upon access to the service. Customers will be billed for usage occurring during their specific thirty 30-day billing cycle, which for purposes of computing charges shall be considered a month. The rates charged to a Customer will be the rates in effect on the first day of the Customer's billing cycle.
- 2.8.4 Monthly charges for all access service components, provided hereunder, are billed in advance of service and reflect the rates in effect as of the date of the invoice. A Customer's first invoice may contain charges from previous periods for service provided from the date of installation through the current invoice period. (D)
|
(D)
- 2.8.5 Bills are due and payable as specified on the bill. Bills may be paid by mail or in person at the business office of Sage or an agency authorized to receive such payment. All charges for service are payable only in United States currency. Payment may be made by cash, check, money order, cashier's check, or certain major credit cards. Customer payments are considered prompt when received by Sage or its agent by the due date on the bill. Amounts not paid by the due date on the bill will be considered past due. The due date on the bill will not be less than twenty-one (21) days after the date of the postmark on the bill. In the event that a postmark on a customer's payment received after the due date is not discernible, a three (3) day mailing period will be presumed. If the last calendar day for remittance falls on a Sunday, legal holiday, or other day when the offices of Sage are not open to the general public, the final payment date shall be extended through the next business day. If Sage becomes concerned at any time about the ability of a Customer to pay its bills, Sage may require that the Customer pay its bills and make such payments in cash or the equivalent of cash.

If any portion of the payment is not received by the Company by the due date, or if any portion of the payment is received by the Company in funds which are not immediately available upon presentment, then a late payment charge may be assessed. Charges greater than \$100.00 left unpaid after the due date are subject to a late payment charge of \$1.50. Late payment charges are to be applied without discrimination.

- 2.8.6 Any disputed charge may be brought to Sage's attention by verbal or written notification. In the case of a billing dispute between the Customer and Sage that cannot be settled to their mutual satisfaction, the undisputed portion and subsequent bills must be paid on a timely basis, or the service may be subject to disconnection. The Customer may request an in-depth investigation into the disputed amount and a review by a Sage manager. During the period that the disputed amount is under investigation, Sage shall not pursue any collection procedures or assess late fees with regard to the disputed amount. No late payment charge shall be charged on any disputed bill paid within fourteen (14) days of resolution of the dispute if the complaint was filed before the bill became past due. The Customer shall be required to pay the undisputed part of the bill, and if not paid, Sage may discontinue service. In the event the dispute is not resolved, Sage shall inform the customer that the customer has the option to pursue the matter with the Illinois Commerce Commission in accordance with the Commission's rules of procedure. The address of the Commission is as follows:

- 2.8.8 Sage may assess up to a twenty-five dollar (\$25.00) charge for each returned check or credit card chargeback. The Company may refuse to honor any Customer's personal check, draft, or other instrument if, in the preceding twelve (12) months, the Customer had twice submitted payments through the use of personal checks, drafts, or other instruments that were subsequently dishonored. Exceptions shall be made when the payment(s) had been dishonored due to bank error.
- 2.8.9 If service is suspended/disconnected by Sage in accordance with the provisions of the Tariff and later restored, restoration of service will be subject to all applicable reconnection charges. In addition to the reconnection charges, the customer will be required to pay all charges due, including the charges for the period of denial.
- 2.8.10 When circumstances prevent customers from paying their invoices in full, Sage may allow customers to enter into a deferred payment agreement pursuant to 83 Ill. Adm. Code 735.80.
- 2.8.11 In the event that a Customer pays a bill as submitted by the Company and the billing is later found to be incorrect due to an error either in charging more than the published rate, in measuring the quantity or volume of service provided, or in charging for the incorrect class of service, the utility shall refund the overcharge with interest from the date of overpayment by the Customer.

The rate of interest shall be the rate as established by the Commission to be paid on deposits.

The refund shall be accomplished by a credit on a subsequent bill for telephone service, or by check of the account is final, or if so requested by the Customer.

2.8.12. Multi-Account, Multi-Brand and Multi-Affiliate Credit and Collections Practices

The Company may collect on behalf of itself and/or its affiliates or brands in one or more transactions as permitted by law. In an effort to satisfy any outstanding account balance(s) of the Customer for previously-billed products or services, the Company may apply any credit balances of the Customer from one of the Customer's existing or previous accounts to another of the same Customer's existing or previous accounts and the Company may apply any credit balances of the Customer from one Company affiliate or brand to another. In all such instances, the Customer shall remain responsible for any remaining unsatisfied balances, for any fees or taxes, and for any additional balances incurred.

For purposes of this calculation, all months will have 30 service days. The credit will be the number of day of the outage divided by 30 times the monthly recurring charges for the local services affected by the outage.
- (B) If the service outage is for more than 48 hours but not more than 72 hours, the credit will be equal to at least 33% of one month's recurring charges for all local services affected by the outage.
- (C) If the service outage is for more than 72 hours but not more than 96 hours, the credit will be equal to at least 67% of one month's recurring charges for all local services affected by the outage.

- (E) For each day or portion thereof that the service outage continues after 120 hours, Sage will provide alternative telephone service or an additional credit of \$20 per day, at the Customer's option.

2.9.2 If Sage fails to install basic local exchange service as required under Section 732.20(a), the Company shall waive 50% of any installation charges, or, in the absence of an installation charge or where installation is pursuant to the Link-Up program, the Company shall provide a credit of \$25.

- (A) If the Company fails to install service within ten (10) business days after the service application is placed, or fails to install service within five (5) business days after the Customer's requested installation date, if the requested date was more than 5 business days after the date of the order, the Company shall waive 100% of the installation charge or, in the absence of an installation charge or where installation is provided pursuant to the Link Up program, the Company shall provide a credit of \$50.
- (B) For each day that the failure to install service continues beyond the initial ten (10) business days, or beyond five (5) business days after the Customer's requested installation date, if the requested date was more than five (5) business days after the date of the order, the Company shall also provide either alternative telephone service or an additional credit of \$20 per day, at the Customer's option until service is installed.
- (C) The customer shall be notified that he/she may choose alternative telephone service or an additional credit of \$20 per day when installation is delayed beyond the initial 10 business days, or beyond five (5) business days after the customer's requested installation date, if the requested date was more than five (5) business days after the date of the order, so the customer can exercise his/her option. In the absence of an election by the customer, the customer shall receive \$20 per day.
- (D) Sage will provide the Customer with a \$50 credit, on the Customers next invoice, for any missed installation appointment that requires the Customer to be present. A credit required by this section does not apply when the Company provides the customer with 24-hour notice of its inability to keep the appointment. (C)
- 2.9.4 When alternative telephone service is appropriate, the customer may select one of the alternative telephone services offered by the Company. The alternative telephone service shall be provided at no cost to the customer for the provision of local service.
- 2.9.5 No credit allowance will be made for interruptions:

 - d. Residential locations where the Business customer has no regular business telephone service and the use of the service by the Business Customer, members of the household, or guests is of a business nature as may be indicated by advertising through newspapers, handbills, billboards, circulars, business cards, or otherwise.

3.1.2.B. Residential Services - Residential Services provide the Customer with the general telecommunications services listed in Section 3.1.1 of this Tariff and is not available to those locations governed by Section 3.1.2.A.

1. Residential Services cannot be used to originate calls to other telephone companies' caller-paid information services (e.g., N.A. 900, NXX 976, etc.). Calls to those numbers and other numbers used for caller-paid information services will be blocked by Sage at no charge to the customer, unless otherwise requested by the customer to be unblocked.
2. Residential service offerings that include unlimited usage are limited to use for residential voice applications. This includes service offerings providing for unlimited local usage, unlimited intraLATA usage and/or unlimited interLATA usage. No commercial use of any form is permitted for such unlimited service offerings. Incidental calling for dial-up Internet access, for data and fax type applications and for other restricted uses reflected in this tariff is permitted up to a maximum of 1200 minutes within any consecutive thirty-day period; any such usage beyond this threshold shall be presumed to be non-residential in nature. If, at any time, the Company determines that the Customer's usage is non-residential or is not consistent with use for residential voice applications, the Company may immediately take actions to enforce adherence to this tariff and to the Company's Statement of Terms and Conditions of Service that are applicable to interLATA and international long distance. Such actions may include the transition to a higher tier within the customer's existing service plan and the application of the High Usage Charge as specified in Section 4.1.13, following.

SECTION 3 - DESCRIPTION OF SERVICES (cont'd)3.1. **Local Exchange Telecommunications Services** (cont'd)3.1.2. **Service Description** (cont'd)3.1.2.B. **Residential Services** (cont'd)

The High Usage Charge is applicable to all Residential service plans whenever usage thresholds established in Section 4.1.13, following, are exceeded, including plans that offer unlimited usage and plans that do not offer unlimited usage. The existence of the High Usage Charge shall be communicated to the Customer in advance of its initial application, and shall thereafter apply automatically whenever the threshold is exceeded. Upon request, usage information will be provided pursuant to Section 4.1.13, following. (N)

For residential service offerings that include unlimited usage, the Company will notify the Customer in writing when the previous month's usage exceeds that normally associated with residential voice applications. Such written notice will inform the Customer that a higher tier rate will apply if, after two additional months, the usage remains above usage thresholds established in the existing service plan. Customers whose excessive usage levels resulted in a higher rate will, upon request, qualify for the lower-tier rate(s) after three consecutive months of usage below usage thresholds established in the existing service plan. The High Usage Charge is a separate element and applies independently of any unlimited plan rate tier. (T)

SECTION 3 - DESCRIPTION OF SERVICES (cont'd)**3.1. Local Exchange Telecommunications Services (cont'd)****3.1.8. Custom Calling Features**

3.1.8.A. Service Offerings available to Customer's and End Users of Sage's local exchange service on local access lines only, subject to availability from the central office serving the customer:

1. Repeat Dialing - Enables the customer to redial automatically the last outgoing telephone number. If the telephone number is busy, Auto Redial will keep trying to call the number for a maximum of thirty (30) minutes, beginning with the customer's activation of Repeat Dialing, in an attempt to establish the call. The customer will be signaled with a distinctive ring when the call can be completed. Repeat Dialing is available as a monthly plan or on a per use basis. Per use functionality is automatically provisioned on all lines. The customer may request to have Repeat Dialing taken off its lines.
2. Call Screening - Enables the customer to block calls from pre-selected telephone numbers and/or the last incoming call (without knowing the number). To block specified telephone numbers, the customer builds a screening list of up to 31 telephone numbers. To block an unknown number after receiving a call, the customer enters a code to add the number to their screening list. If facilities are unavailable to provide incoming call screening via the customer's list, standard call completion will occur. Customers whose telephone numbers are blocked are directed to a recorded announcement.
3. Call Forwarding - Enables the customer to transfer all incoming calls to another telephone number within the exchange or on the Long Distance Telecommunications Network. The Call Forwarding customer is responsible for the payment of charges (e.g., toll charges) for each call between his Call Forwarding-equipped telephone and the telephone to which the call is being forwarded.

Includes Busy Line and Don't Answer features, as defined below. Customer may decline these additional features.

Call Forwarding - Busy Line allows incoming calls that encounter a busy condition to be forwarded to a pre-designated telephone number within the exchange or on the Long Distance Telecommunications Network.

Call Forwarding - Don't Answer allows incoming calls which are not answered after a pre-determined number of rings to be automatically forwarded to a pre-designated telephone number within the exchange or on the Long Distance Telecommunications Network.

SECTION 3 - DESCRIPTION OF SERVICES (cont'd)**3.1. Local Exchange Telecommunications Services (cont'd)****3.1.8. Custom Calling Features (cont'd)****3.1.8.A. Service Offerings (cont'd)**

4. Automatic Callback - Enables the customer to redial automatically the last incoming telephone number. If that telephone number is busy, Call Return will keep trying to call the number for a maximum of thirty (30) minutes beginning with the customer's activation of Automatic Callback in an attempt to establish the call. The customer will be signaled with a distinctive ring when the call can be completed. This service will not function if the calling party's telephone number has been Call Forwarded. Also, this service will not function from a line that does not have an associated telephone number, e.g., multi-line hunting groups. Automatic Callback is available as a monthly plan or on a per use basis. Per use functionality is automatically provisioned on all lines. The customer may request to have the per use functionality taken off its lines.
5. Call Waiting - Alerts a customer who is using his telephone that another caller is trying to reach him. Where facilities permit, Call Waiting subscribers may deactivate Call Waiting for the duration of one call. Call Waiting is automatically reactivated for the next originating or terminating call.
6. Multi-Ring Service - Multi-Ring Service permits a customer to establish up to three telephone numbers on the same access line and to distinguish calls to each number by distinctive incoming ring patterns. The billing telephone number is the "master" number and the other telephone numbers are "dependent" numbers. The standard ringing pattern is provided for the master number while distinctive ringing patterns are provided for a maximum of two dependent numbers.

When a Multi-Ring Service customer subscribes to any Call Forwarding feature, dependent numbers can either be forwarded to the same number as the master number or receive no forwarding treatment at all.

When a Multi-Ring Service customer subscribes to Call Waiting, incoming calls to the master number will activate the standard Call Waiting tone. Incoming calls to the dependent numbers will activate a distinctive Call Waiting tone per dependent number.

A directory listing is furnished per telephone number. When a customer requests the dependent numbers to be non-published or non-listed, Sage Telecom will provide without charge. However, if the master number and all dependent numbers are non-published and/or non-listed, the appropriate monthly rate is applicable to the master number.

SECTION 3 - DESCRIPTION OF SERVICES (cont'd)**3.1. Local Exchange Telecommunications Services (cont'd)****3.1.8. Custom Calling Features (cont'd)****3.1.8.A. Service Offerings (cont'd)**

7. Speed Calling - Enables a customer to place calls to other telephone numbers by dialing a one- or two-digit code rather than the complete telephone number. Customer may store up to eight (8) or thirty (30) telephone numbers.
8. Three-Way Calling - Enables a customer to add a third party to an existing call without operator assistance, thereby establishing a three-way conversation.
9. Wait & See - Call Waiting ID - When a person is already speaking on the telephone and receives another phone call, Wait & See service will allow for the display of the name and/or number of the new caller on the customer's CPE. This service allows the customer to decide if he wants to answer the new incoming call.

Wait & See is offered subject to the following limitations:

- a. Customers must also subscribe to Call Waiting and Caller ID Name and Number.
- b. Customers are responsible for furnishing their own compatible CPE, which should include the Caller ID capability necessary to display the calling party's name and/or number.
- c. Available only where central office facilities permit.

3.1.8.B. Calling features are subject to availability of facilities and compatibility with central office equipment, access lines, and customer premises equipment.

3.1.8.C. Repeat Dialing, Call Screening, Automatic Callback, Call Forwarding and Caller ID are functional when both the call originating customer and the call terminating customer are served from central offices capable of sending and receiving the Calling Party Number (CPN) and are linked by appropriate facilities.

3.1.8.D. Services with call forwarding capabilities (including Call Forwarding, Call Forwarding-Busy Line, Call Forwarding-Don't Answer) cannot be used on a continual basis to expand the local calling scope beyond that available to a customer's premise.

SECTION 3 - DESCRIPTION OF SERVICES (cont'd)**3.1. Local Exchange Telecommunications Services (cont'd)**

3.1.9. **Caller ID Service** - Display of Calling Number and/or Name on customer provided equipment. Available to Customers and End Users of Sage's local exchange service on local access lines only. Service includes:

3.1.9.A. **Calling Number Delivery** - Allows the transmission of Calling Party Number (CPN) to the subscriber's access lines. When a Calling Number Delivery equipped line is on-hook, CPN is transmitted across the line during the silent interval between the first and second ring.

3.1.9.B. **Calling Name Delivery** - Enables the Caller ID subscriber to identify the calling party by a displayed name before the call is answered. The displayed name is the name associated with the CPN. When a Calling Name Delivery equipped line is on-hook, the Calling Party Name is transmitted across the line during the silent interval between the first and second ring.

3.1.9.C. **Calling Name and Number Blocking** - Any Sage Telecom calling party may prevent the delivery of CPN and of Calling Party Name to the called party by dialing an access code (*67 on their touch-tone pad or 1167 from a rotary telephone) immediately prior to placing a call. The access code activated per call blocking is available at no charge. If a calling party activates blocking, the CPN and Calling Party Name will not be transmitted across the line. Instead, the Caller ID subscriber will receive an anonymous indicator. This anonymous indicator notifies the Caller ID subscriber that the calling party chose to block name and number delivery.

3.1.9.D. **Per Line Calling Party Number Blocking** - Per Line Calling Party Number Blocking will be available at no charge to the following customers:

- 1) Any person protected by an injunction, temporary restraining order, or other court order relating to domestic abuse, harassment, or child abuse issued by any magistrate or judge in an jurisdiction in the United States;

- 4) For the residential access line of any certified employee or volunteer of an eligible organization, or any residential access line designated by an eligible organization as serving a victim of domestic violence.

(N)

(N)

Caller ID subscribers must provide and connect their own compatible customer premises equipment (CPE) to process the Calling Number and/or Calling Name transmission. The installation, repair, and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. Sage assumes no liability and will be held harmless for an incompatibility of this equipment to perform satisfactorily with the network features described herein.

Subscribers will automatically be provided with both Calling Number and Calling Name delivery, subject to availability in the central office that is servicing the subscriber. If the combination of the two is not available, the subscriber will receive whatever is available, either Calling Number OR Calling Name.

Caller ID features are subject to availability of facilities and compatibility with central office equipment (for both the calling and the called parties), access lines, and customer premises equipment.

Caller ID information will not be displayed under the following conditions: (a) if the called party is off-hook; or (b) if the called party answers during the first ring interval.

Telephone CPN information transmitted via Caller ID is intended solely for the use of the Caller ID subscriber. Resale of this information is prohibited by this tariff.

3.1.11. **Maintenance of Service** - The Customer shall be responsible for the payment of all related charges for each service call by a Sage employee or contractor to the customer's premises where the service difficulty or trouble results from the use of terminal equipment, communications systems or premises cable and wire on the customer's side of the demarcation point.
